New Improved PRACTICAL APPLICATIONS package

After speaking with Warner Brothers, producer of my three Practical Applications books, we have decided to package all three books together as one. At first, WB will package the three books together as they are, and then we will re-produce them as one book, with a new cover. The information will remain the same, with just a few additions, like a "How To Practice" page., in very informative pages, to about 140 pages with two CDs and one audio cassette.

Ten rhythms are covered in this book:

Chachacha

Mambo

Bolero

Merengue

Bossa Nova

Samba

Cumbia

6/8 rhythms

Songo

and (New York style) Mozambique.

These concepts are thoroughly addressed:

Solo concepts,

left foot clave,

independence work,

new groove ideas

rudimental applications, reading

and an overall focus on achieving maximum creative

potential through the applications of the Afro-Caribbean

rhythms.

The package sells for \$39.95.

Dave Lombardo's POWER GROOVES

Dave and want to bring you some great

grooves that are from basic to advanced in level. We want to produce a book that everyone will enjoy working through. Most of you know me as a drummer who enjoys the Afro-Caribbean side of things. Dave's grooves are intense. They groove. What more can I ask for? Hey, I'm practicing the book right now!

Power Grooves

starts out with an **8th note groove section**. Most of these, and all other, grooves are represented on the CD. 72 tracks, not including the playalong tracks.

Next are **16th note grooves**, including some great syncopated heavy rock and funk grooves. This section will definitely provide some challenging material to all levels of drumming and all drumming styles.

Following this section in the **double bass section**. Need I say more?!

Then there's a great section we call **Riding the Toms**. Dave has a unique way of playing heavy grooves using toms, bass(es), and snare. This is a killer section. Now come the **playalongs**, with Dave playing drums and then music minus drums. There are seven heavy playalongs here.

List price is \$14.95
